The screenshot shows the BRS 1.0 interface. At the top, there are buttons for 'Query', 'List', 'Retrieve', 'Queue', and 'Clear'. The 'Query' button is highlighted with a thick border. Below these buttons is a text input field containing 'USPAT'. To the right of the input field are two checkboxes: 'Plurals' (unchecked) and 'Synonyms' (unchecked). Below the input field is a label 'Default operator:' followed by a dropdown menu showing 'OR'. To the right of the dropdown is a checked checkbox labeled 'Highlight all hit terms initially'. Below these elements is a large empty rectangular area. At the bottom of the interface are four buttons: 'BRS 1.0', 'IGAR', 'Image', and 'Text'. The 'BRS 1.0' button is highlighted.
